Dear Mr. Chenoweth,

This letter is written to acknowledge your organization's recent contribution. On behalf of each member of the CHRISTUS Stehlin Foundation, I want to express my sincere thanks for you and your staffs interest in and support of our organization. We are deeply appreciative of your commitment.

All of these funds will help support our various scientific, clinical, and educational projects aimed at improving treatments for patients suffering from cancer.

In accordance with the Internal Revenue Service regulations, no goods or services were provided in exchange for your generous contribution. Thank you again for this kind gesture, which will enable our research efforts to continue.

Should you, your staff, or any of your vendors desire a tour of our facilities, I would be happy to accommodate your busy schedule. If you could see firsthand the work we're doing, I think you would be favorably impressed.

Sincerely yours,

Robert F. Anderson
Executive Director
